1958 INTRODUCING 1958

For Mrs. W. J. Hinkle

DEMETRIA—(Zara x Regina Maria) You'll fall in love with this gracefully ruffled medium blue iris on sight. This beautifully formed flower has a faint hint of lavender in the broad flaring falls. The blooms are well spaced on a 36 in. stalk. Flowers have heavy substance that withstands wind and weather. Mid-season. Net \$25.00

SYMPHONY—(Hinkle Sdlg. C-24-1 (Cahokia x Azure Skies) x Melissa). This clean light blue iris is to the eye what a serene pastoral symphony is to the ear. The flower is a self with a mere suggestion of a light area at the beard. There is real beauty of form. Substance and branching are excellent. Height 36 in. Mid season. Net \$25.00
